

# Enzo LE VAN

2<sup>nd</sup> year student at  
CentraleSupélec

e-mail : enzo.le-van@student-cs.fr | GitHub : @Hennzau | LinkedIn : @enzo-le-van

I am looking for a 6-month gap year internship starting in July/August 2024 in the field of computer science, where I can develop software applications for robotics and/or embedded systems.

## Languages

English : C1  
Spanish : B2  
Japanese : A1

## Hobbies

Piano for 6 years  
Guitar for 7 years

Wing Chun in a club  
Climbing at school

Java & C++ for 10 years  
Rust for 2 years

## Skills

Electronic  
Rust C++ Python  
JetBrains IDE  
GitHub CI/CD  
Projects structuration

## Education

- **Exchange Studies** : Computer Science, 15/01/2025 - 7/06/2025  
Linköpings Universitet | Suède
- **2nd year Engineer** : Electrical energy, electronic systems, wave physics, thermodynamics, thermal, autonomous vehicles  
CentraleSupélec | Gif-sur-Yvette
- **MPSI/PSI\*** : Mathematics, Physics, 30/08/2021 - 1/09/2023  
Lycée Privé Sainte-Geneviève | Versailles

## Projects

- **MarcRover** : Building a mini autonomous car in team, 09/2024  
CoVAPSy | Python & Zenoh & Electronique
- **fastformat** : Library for converting real data (sensors) to a generic format used by other libraries  
Organization dora-rs | Rust & Python
- **dora-rs** : Contribution to a library for robotics  
Organization dora-rs | Rust & Python
- **dora-lerobot** : Integration of a robotics and AI library on articulated arms  
HuggingFace | Python
- **RoverCS** : Building a mini autonomous car in team, 02/2024 - 06/2024  
NXP Cup | ROS2 & Python & C & Zephyr RTOS

## Experience

- **Anti-SGBV Staff Member**, 09/2023 - 01/2025  
Anti-SGBV supervision during student parties  
Gif-sur-Yvette • Association Çapèse
- **Order Handler**, 09/2023 - 01/2025  
Preparing orders of local products  
Gif-sur-Yvette • Association Impact - Pépin
- **Homework Assistant**, 09/2021 - 06/2022  
Tutoring middle school students  
Versailles • ARPEJ
- **Robotics and AI Contributor**, 05/2024 - 09/2024  
Creation of **dora-lerobot**: programming of low- and high-budget articulated arms for learning through teleoperation  
Paris • 1ms.ai & HuggingFace
- **Operator Intern**, 06/2024 - 07/2024  
Production of low-voltage surge arresters  
Lyon • Eurotect Electrical
